

What Makes a Homecoming Truly a Homecoming? A Home.

Witness an Historic Time in the New Life of Zeta Chi.

Since the recolonization of 2011, ZX has worked hard; hard enough to soon find themselves among the top-ranked fraternal organizations on campus. All achievements were attained with no house, nonetheless.

After seemingly unending efforts of alumni and active members, and five long years of waiting for property, the day of reward has finally arrived. Please share the joy of this momentous occasion by attending Homecoming festivities this October.

Agenda of Memories
